Everything the small business or small workgroup requires – The ES5162 Mono MFP from OKI combines black & white printing and copying, color/mono scanning with scan-to capabilities, and analog faxing. This affordable, compact, networked MFP lets you produce professional-looking documents—with productivity-boosting speeds and budget-enhancing efficiency. The ES5162 delivers up to 47 prints or copies per minute, with a time-to-first-page as fast as 5 seconds.[1]

An operator panel designed for productivity – The ES5162 has a 7" color, tilting touchscreen display that simplifies navigation and enhances user productivity. Primary functions are simple to access, and the alphanumeric keypad lets users enter fax numbers, codes and quantities with a touch.

Sharing files and documents is a snap – Place your document on the flatbed platen or in the 50-sheet duplex reversing automatic document feeder (RADF) and USB or network TWAIN scan it in color or black & white to your PC and Mac.

Save and send the electronic version to a folder on your PC, the network or FTP site, as an attachment to an e-mail address, or as a fax.

LDAP gives you direct access to contact and email data from an existing directory server, saving time and improving the reliability of document delivery. The Job Build function enables a number of different documents to be scanned, creating a single document for output.

The ES5162 also offers robust fax features, including Internet (T.37) faxing, one-touch dialing, distinctive ring, and an Auto Delivery feature that routes all incoming faxes to a folder or to specified e-mail addresses.

Printing wirelessly and on the go – In additon to being Wi-Fi CERTIFIED™ a/b/g/n, the ES5162 supports cloud/mobile solutions such as Google Cloud Print™, AirPrint™ for Apple iOS and OKI Mobile Print app for Android®.

The ES5162 from OKI is fast, full-featured, easily accessible, and bottom line-friendly.

Easily take control of your bottom line – even as you help save the planet – with this compact MFP.

Cost-efficient LED printing – The ES5162 MFP is based 100% on the LED printing technology pioneered by OKI over 20 years ago—and which is still innovative today. OKI LED printheads have no moving parts, making them ultra-reliable. OKI printers and MFPs are compact, environmentally friendly, energy efficient, and use significantly less raw materials in the manufacturing process. And they deliver HD (High Definition) Printing for more accurate and striking documents.

This MFP also offers a wide range of features to reduce energy consumption, save you money and improve your carbon footprint:

- **Deep Sleep mode –** reduces energy consumption to 1.9 watts or less!
- **Auto Power Off mode –** shuts device off after a period of inactivity (adjustable to 24 hours)

- **Toner Save function** – reduces the amount of toner used when printing draft or internal documents
- **Fax preview** – saves paper by enabling viewing (and storing) of incoming faxes on the 7" display prior to printing
- **Quiet mode** – reduces energy consumption as well as noise levels
- **Duplex printing** – device prints on both sides of the sheet to reduce paper usage
- **Multifunctionality** – one device takes the place of many

Your investment just keeps looking better and better.
